“ *Barry was a kind, ethical, wonderful, loving man. I loved the man because of who he was to my beautiful wife, Tara. I loved him for who he was to my wonderful mom-in-law Felice. I loved him for the great example that he was to his sons Asher and Scott. Loved him for the family oriented sense of living life that he exemplified. Distance kept me from being able to know him even better. I learned of his kindness and goodness mainly through my wife Tara's heart and eyes. He became her loving dad, and together with his lovely wife Felice raised Tara and her brothers to be honorable, loving, responsible and kind. We will miss him every day. All my love to his sister Holly and all who knew and loved him*
