“ *I have many happy memories of Donna, as I worked with her quite a bit in physical therapy at the Jewish Home and Care Center. She was always interested in me personally, asking me daily about how my family was doing. She and I both had many joyful moments when she had a successful day in therapy. She certainly loved her family! She surrounded herself with photos of family and would welcome the opportunity to boast about you all, when I prompted her! She will be someone I always remember fondly. She often told me she loved me, and I certainly loved her too.*
