“ *My siblings and I have adored our brilliant and kind cousin Gene since we were children, when he would create origami paper boxes for us right before our eyes! He also introduced me to the Guarneri and the Fine Arts Quartets when I was 17 and a freshman at UWM! I followed those musical geniuses for nearly half a century, thanks to Gene! And his brilliance as an engineer had a good impact on my family bc my second son is a biomedical engineering inventor who went to the same college as Gene! I will miss his gentle good humor and wonderful conversations forever! I'm also grateful that he married into the Barland family so we could all be cousins! Thank you for being such a special person in my life, Gene! Rest in Peace with all of our love and deep respect ❤️ ❤️ ❤️ 🏆 🏆 🥰 🥰 💕 🙏 🙏 🙏*
