“ *When Harriet came into my life, my whole world changed for the better. I am a better person because of her. We had very mutual personalities, a true love for movies, an intense love for chocolate, & food-a-holics , & a love for life.*

Through all her stages of dementia she accepted it all with true grace & dignity. She passed away the same way, with grace & dignity. I love Harriet like a daughter would love a mother. Everyone, everyone who crossed her path instantly fell for her. Her smile the most infectious smile, & her sparkling eyes took you in to her world. Going to the movies will never be the same without her with me. Thank you my Harriet for filling an empty space in my heart & my life. You will remain there till I see you on the other side.
