“ *Dear Family, My husband and I are so deeply saddened to hear of Marvin's passing. I recently called him and sent a text hoping to hear back. We had not talked in quite some time and I missed him dearly. We met Marvin seven years ago while waiting for our daughter, Meghan to deliver her first child in Tucson. That is where we met Marvin, at the pool! It was love at first sight, he was such a delightful, funny, intelligent, and caring man. We left Tucson as I daughter and her new family moved to SC. Marvin and I continued to correspond from then on. I had to find out about him so started searching on the web. My fears were confirmed. We will miss everything about him that we loved. He adored his family and was so very proud of all the grandchildren. I would always get a rundown on who was where and who was coming to see him. My heart is very heavy today but at least I had the opportunity to know a fine, wonderful man who both my husband and I will never forget. Our deepest sympathy.*
