“ *Dr. Klein taught me when I was a Family Practice resident at St. Michael hospital in the late 1980's. Not only did he teach me how to treat atrial fibrillation among other illnesses, he taught me how to be a compassionate physician. He remarked often how doctors have to listen to their patients and that will help in their diagnosis. A wonderful and caring physician. I was lucky to have him as a mentor.*

“ *We've always enjoyed talking with Morrie. He was such a nice person. He was also my doctor when AI was a pathology resident and I had pneumonia. He was very caring! Our great sympathy.*

“ *After attending a funeral I usually find myself saying that the person who died had so many wonderful aspects I didn't know about. I wish I had known the person more intimately.*

Last night hearing all the meaningful remembrances were of things I knew. I did get to know the incredible person Morrie Klein was and feel honored by that. I wish you years of these many memories to keep you feeling close to him. Love. Sally

“ I have so many warm memories of Morrie happily sharing his stories of life at lots of family gatherings. He was a true mensch, a caring soul, a brilliant healer, and a role model for how to live a life of meaning.
