“ *As Muriel's neighbor for 11 yrs, I will miss her spirit and her smile (and giggles). She always welcomed and enjoyed when I brought over my dog Knoki, and told me about her dog. She was intelligent and funny; a real role model.*

“ *Muriel was one of a kind. A very vivacious, well read, smart and interesting woman who always evidenced a great sense of humor about life. Her calls to me were always enjoyable and she will be sorely missed. Gardner*
