

## Solomon "Sol" Weinstein

July 31, 1929 - December 12, 2020

Mequon – Solomon Weinstein, "Sol" left this world in the company of his family on Saturday, December 12, 2020. He was 91. Beloved husband of Belle (nee Kahn). Father to Stephen (Barbara) and Marlynn Brick. Cherished brother-in-law of Irving (Barbara) Kahn. Grandfather to Samantha Weinstein, Dana Weinstein, Elena Hollander (Joshua) and Rachelle Brick (Alec Smith, fiancé). Great-grandfather to Aden Hollander. Further survived by many other relatives and friends.

Sol never forgot his upbringing on 11th and North Avenue in Milwaukee, and the years he spent studying and as a member of the basketball team at North Division High School.

He will always be remembered as a loving and giving person who enjoyed time with the many friends he met along his journeys.

Most notably, Sol was a selfless husband, father, grandfather and great-grandfather. He cherished his family as much as they cherished him. Those who knew him universally agreed that his desire to give to others was one of his finest traits. Sol just had a knack for serving others, whether they were feeling up, down, or somewhere in between. He will forever be remembered for the countless hours he spent raising funds for the Milwaukee Jewish Food Pantry, and escorting veterans to appointments at Zablocki Veterans Hospital.

The family would like to thank the entire staff of Horizon Hospice and the care givers of Hearts to Home.

Sol will be sorely missed and carried in the hearts of his family and friends forever.

A private funeral was held on Monday December 14. Donations in Sol's memory may be made to the Jewish Food Pantry, Congregation Beth Israel Ner Tamid or Chabad of the East Side.

“ *When Sol talked to you he showed such interest in everything you  
had to say. He was interested in your family, what you were doing,  
how you were etc. sol was an all around giving caring person. He  
will be greatly missed by his friends. Our greatest sympathies to  
Belle and her family! With love, Dorothy and Al*
